- Researching the Disappearance of Band Leader Glenn Miller

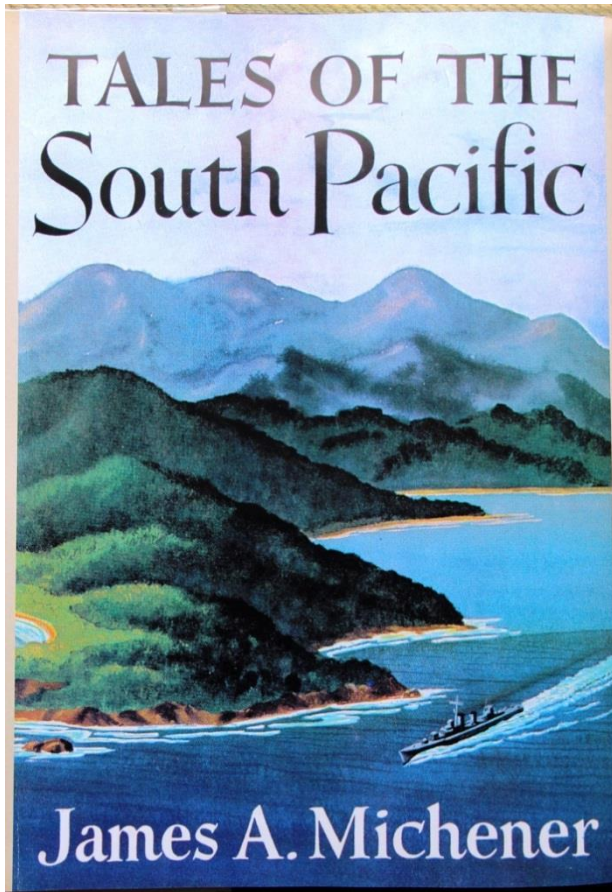

The Bali Hai Expeditions

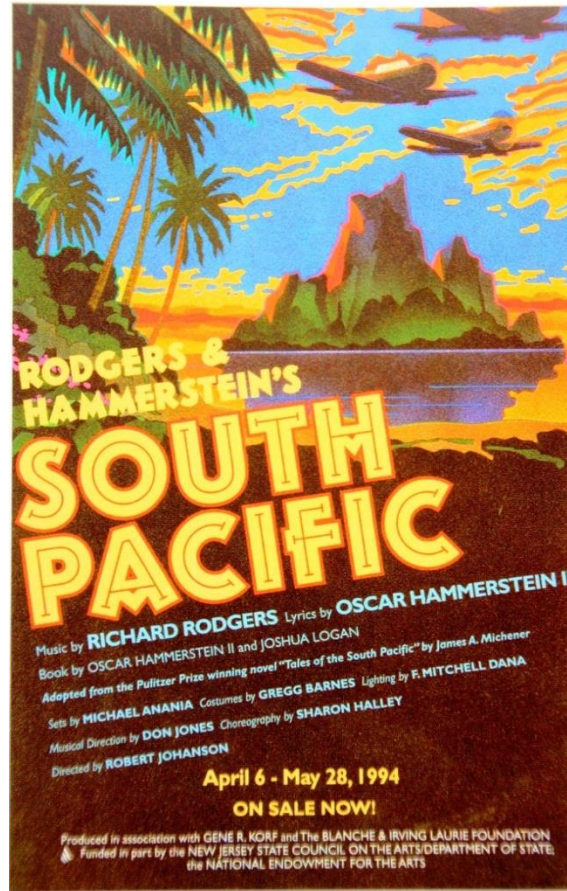

Vanuatu is a country in the SW Pacific, with 83 volcanic islands and 250,000 friendly people

Previously the New Hebrides, Vanuatu was the setting for *South Pacific*, and got independence in 1980 from Britain and France

BOOK

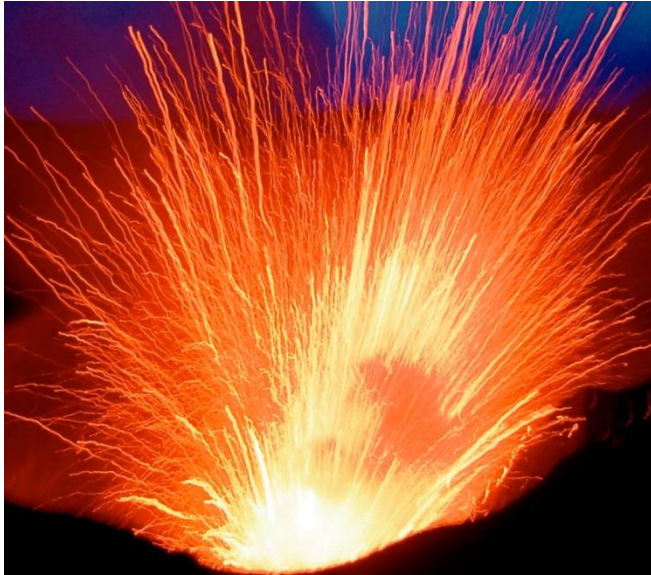

PLAY

MOVIE

**Vanuatu is famous for volcanos, beaches,
and land-diving into the dirt below...**

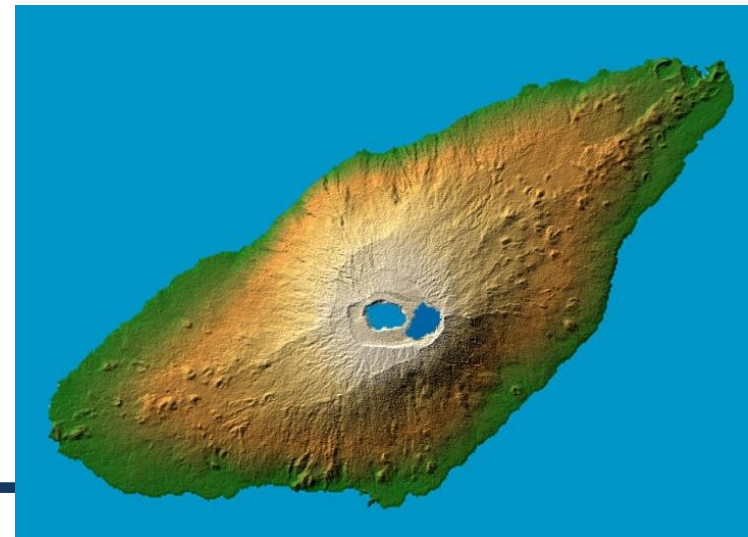

**...which
inspired
bungee
jumping!**

Vanuatu is dominated by male chiefs, who rise in rank by killing sacred pigs with circular tusks

First Bali Hai/Ambae expedition in 2001 found WW II plane and interviewed chiefs and villagers

Explorers Club Flag expedition in 2013 solved aviation archaeology mystery....

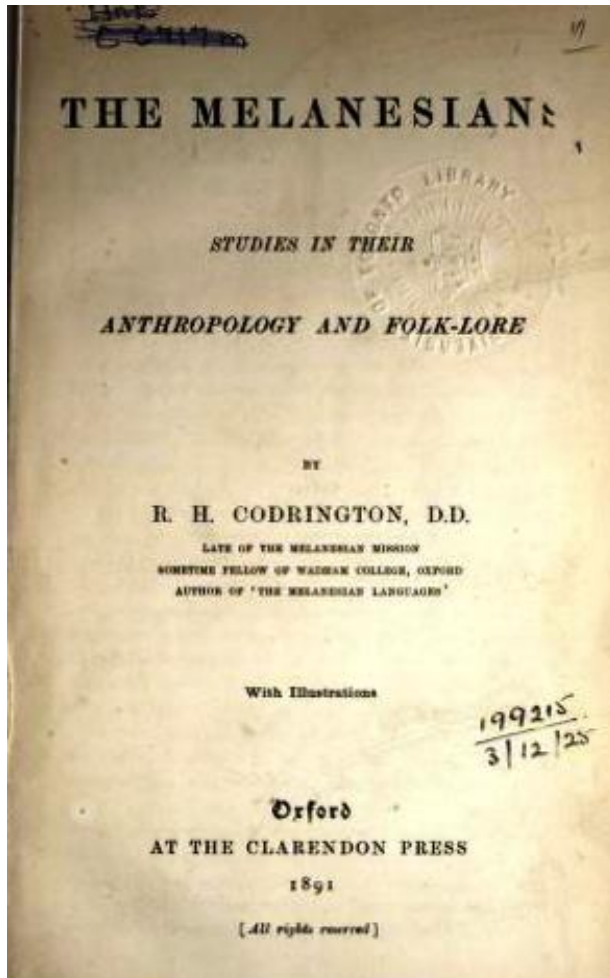

...evaluated Ambae's emergency management plan...

...and documented a sacred boar-killing ceremony

For 129 years anthropologists have stated or assumed that there are no female chiefs in Vanuatu

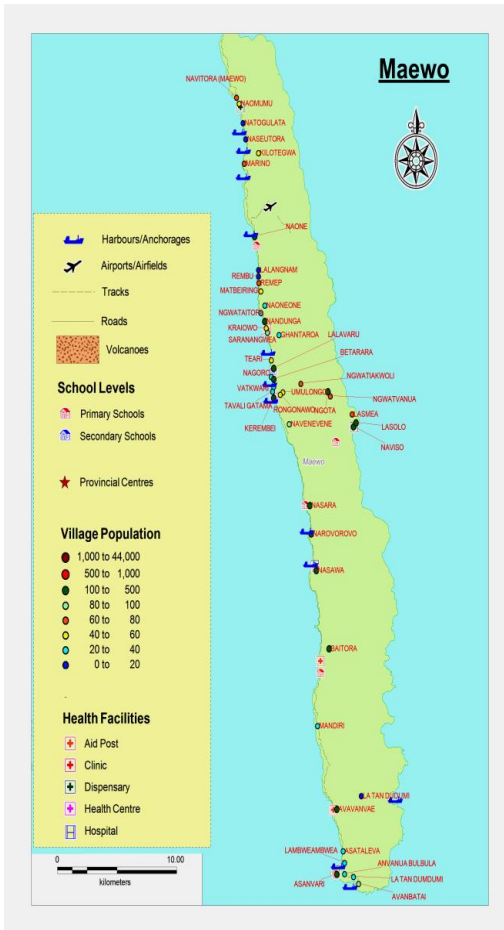

**Codrington
in 1891:**

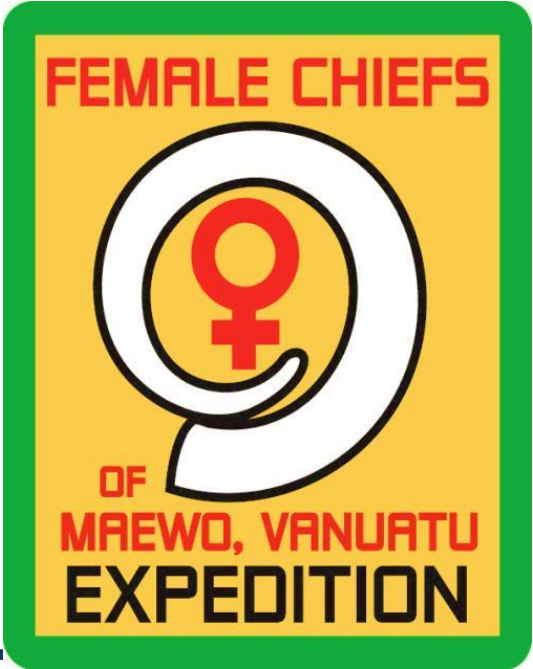

**“Women are
completely
excluded from
the *Suge* of the
men...”**

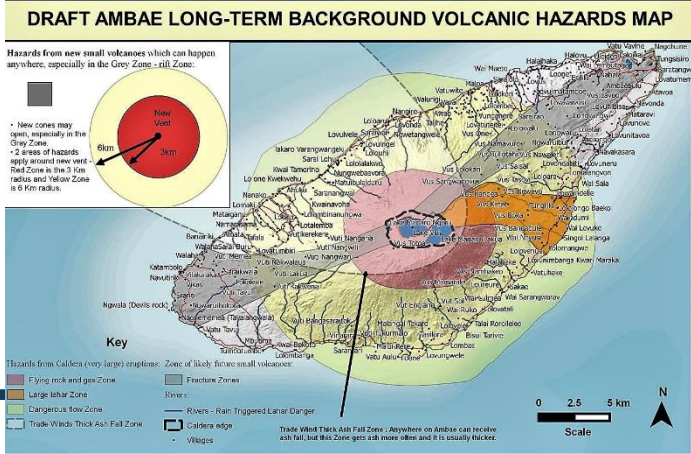

Our 2016 Flag Expedition team arrived on Maewo to interview female chiefs

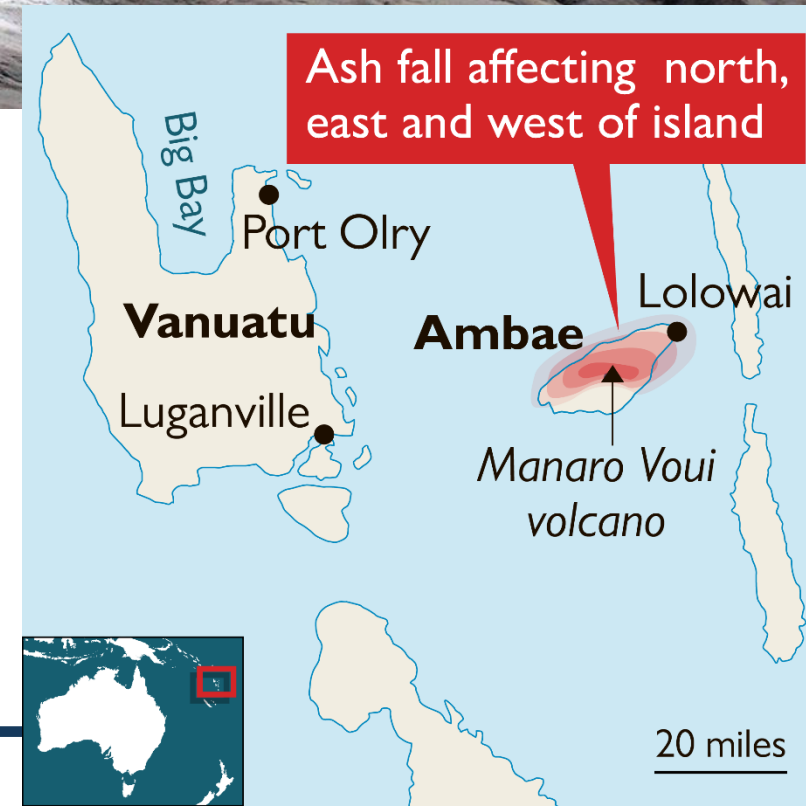

We finally found some female chiefs on Ambae & Efate islands

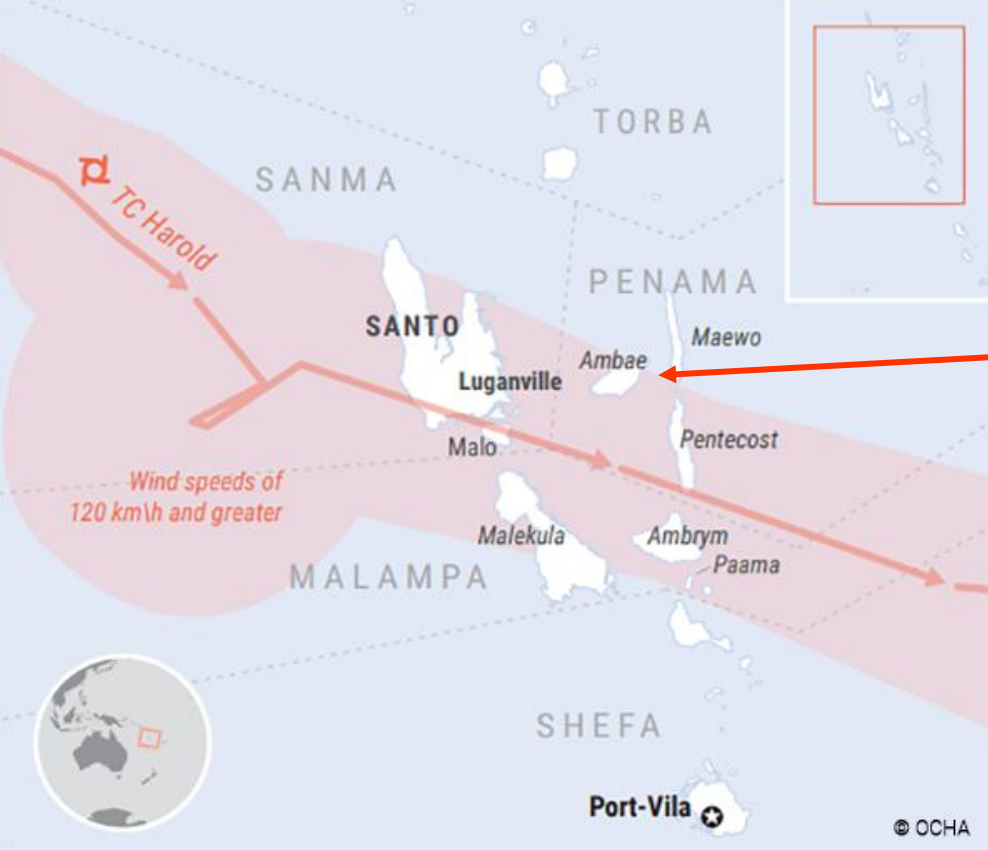

Mt. Manaro on Ambae/Bali Hai exploded in 2018 - 2019...

Ashfall covered 25% of the island

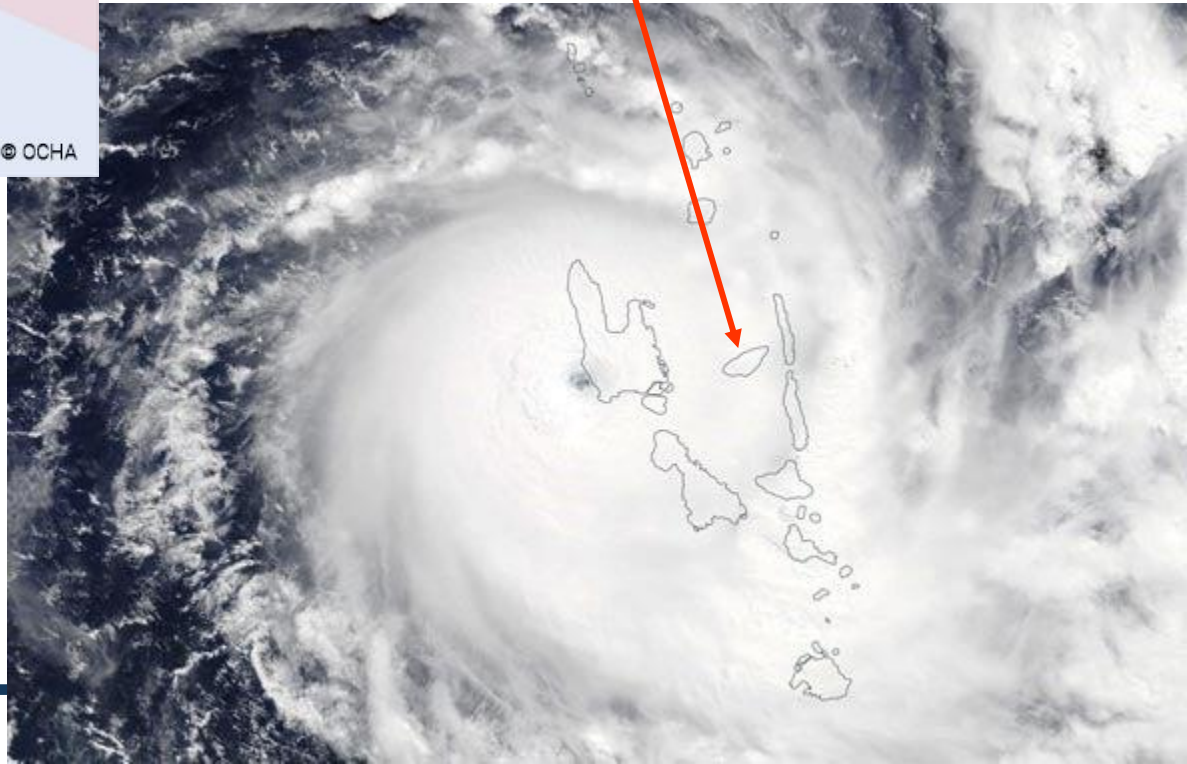

AMBAE -- BALI HAI

IN APRIL 2020 CYCLONE HAROLD HIT VANUATU AND AMBAE

**OVER 60% OF
HOUSES &
STRUCTURES
DESTROYED**

2021(?) Ambae Expedition:

Evaluate disaster response

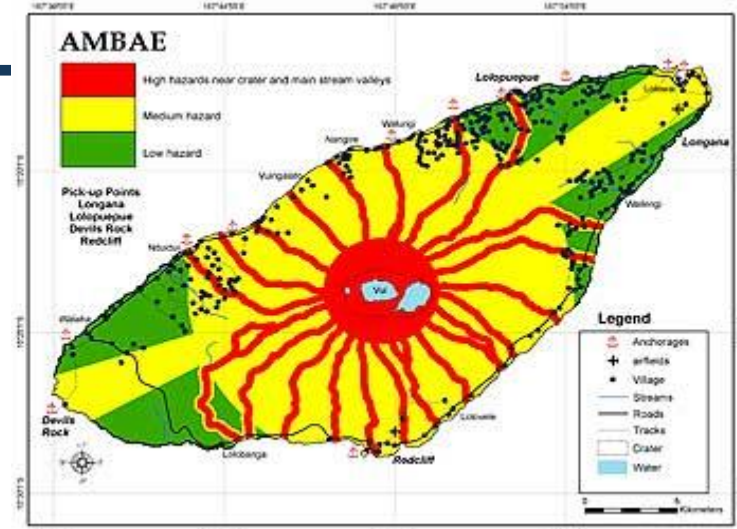

Review emergency plan & island habitability

Aviation archaeology

Find more female chiefs
